REAL ESTATE

21 Gemini Road | #383673 | \$850,000

This enchanting house is built with great care and attention paid to classic Adobe architectural style, including hand made bricks that were molded on site. The thick walls retain heat in the winter and make the home cool in the summer. The exterior was just updated with new stucco, paint, and varnish on the vigas. The inside has a fresh coat of paint on the walls and varnish on the windows and sills. The setting is very private with around 10 acres of dedicated open space bordering the property. Don't miss this opportunity!

CURIOUS ABOUT LOCAL HISTORY? Gardiner Walking Tour is Tuesdays and Thursdays, 5:00-6:30pm, through September. Tickets \$15/adult, \$10/youth 6-12, www.eventbrite.com or pay cash before tour. Meet in small park (not Arch Park) across from Roosevelt Arch. Offered by Yellowstone Gateway Museum.

THANK YOU TO EVERYONE who helped us develop the Gardiner Neighborhood Plan. We have submitted it to the County for their consideration in adopting it to the Park County Growth Policy. After our most recent community meeting, we heard that some still had concerns with language in several of the strategies so we made small but important changes to address these concerns. The updated, submitted Gardiner Neighborhood Plan may be viewed here, <https://tinyurl.com/tzh7x9sb>, or on the Successful Gardiner website, <https://www.successfulgardiner.org/>. We do not know when the plan will be reviewed by the Planning Board but have heard it might be several months. We will post a note when we hear and hope you will be able to join the on-line meeting(s) to show your support. The Successful Gardiner Committee [Home](#) | [Successful Gardiner](#).

Bannack State Park to Host Bannack Days July 15-16

BANNACK – Bannack State Park’s signature event, Bannack Days, is scheduled for the third weekend in July, with many traditional activities, displays and re-enactments celebrating Montana’s first territorial capital. Bannack Days are scheduled to happen Saturday, July 15, from 9 a.m. to 5 p.m., and Sunday, July 16, from 9 a.m. to 4:30 p.m. Admission is \$5 for individuals ages 6 and older, or \$20 per family. Admission is free for children ages 5 and younger. Food and drinks can be purchased from vendors during the event. Parking space is limited during this busy event. There will be a free bus service from the fairgrounds in Dillon to Bannack, with service going to Bannack at 9 a.m. and 11 a.m., and returning to the fairgrounds at 3 p.m. and 5 p.m. FWP staff will provide parking directions for visitors who drive to the park. Shuttle services will be available to and from parking areas farthest from park entrances. Visitors are encouraged to carpool and leave pets at home. About 20 miles west of Dillon, Bannack State Park is a National Historic Landmark and the site of Montana’s first major gold discovery in 1862. More than 50 historic buildings still line Bannack’s Main Street. During Bannack Days, the ghost town comes alive with displays, re-enactments, artisan demonstrations, music and other family-friendly festivities. For more information about scheduled events, activities and park rules for Bannack Days, please visit fwp.mt.gov/stateparks/bannack or call 406-834-3413.

Major Windstorm and Rain Event in Yellowstone National Park at Lake Village

MAMMOTH HOT SPRINGS, WY - On Monday, July 3 in the early evening, a major windstorm and rain event impacted the southern portion of Yellowstone National Park, primarily in the Lake Village area. No fatalities nor severe injuries have been reported. Additionally, there have been no substantial disruptions to visitor services. “Monday night’s storm event hit the Lake area very hard,” said Superintendent Cam Sholly. “The National Park Service team and our partners quickly stabilized the situation and got recovery efforts started immediately.” The following information includes details about how the storm impacted the Lake Village area and the ongoing cleanup efforts.

Monday, July 3

- During the storm, several hundred trees were blown down throughout the area including around the Lake Hotel, Lake Lodge, Lake Medical Clinic, Lake General Store, Lake employee housing areas and Bridge Bay Campground and marina.
- Multiple buildings and vehicles were struck by trees including a building that is adjacent to the Lake Hotel ([see photos](#)). This building and three cabins were evacuated and remain closed for cleanup and repairs.
- The hotel and clinic lost commercial power for approximately 24 hours.
- Crews cleared trees from roads, campgrounds and critical infrastructure.

Tuesday, July 4

- Crews continued to clear trees from roads, campgrounds and critical infrastructure.
- Crews also spent the day doing damage assessments and cleaning up the area.
- Power was restored to the area in the evening.

Wednesday, July 5

- Bridge Bay Campground and marina remains without power.
- Crews will continue cleanup efforts today and for the next week.

Currently, there are no temporary closures in the area. Visitors are encouraged to check [locally](#) to stay informed.

Warm Water, Low Flows Prompt Hoot-Owl Fishing Restrictions on Sun, Madison Rivers

Fishing closure daily from 2 p.m. to midnight

HELENA - Montana Fish, Wildlife & Parks is advising anglers that portions of the Sun and lower Madison rivers will close to all fishing daily from 2 p.m. to midnight, beginning Wednesday, July 12. The restrictions will stay in effect until conditions improve.

- The hoot-owl restrictions are issued for:
- Sun River – from the Highway 287 Bridge to the mouth of Muddy Creek.
 - Madison River – from Warm Springs Boat Launch to the confluence with the Jefferson River

FWP's drought policy provides for angling restrictions when flows drop below critical levels for fish, when water quality is diminished or when maximum daily water temperatures reach at least 73 degrees for three consecutive days. Water temperatures of 77 degrees or more can be lethal to trout. Restrictions of this nature are designed to protect fish that become more susceptible to disease and mortality when conditions like this exist. FWP officials said one short-term strategy to address heat-induced stress in Montana's wild trout is to reduce catch-and-release mortality by alerting anglers to fish only in the morning.

"Limiting fishing to only the cool morning hours can help a lot," said Eric Roberts, FWP's Fish Management Bureau Chief. "We're trying to minimize any additional stress on wild trout during these mid-summer conditions of high-water temperatures and low flows."

Anglers can reduce stress on fish at all times of the year by getting fish to net or hand quickly, keep them in the water, and revive them prior to releasing them back to river.

- In addition, anglers can also help reduce stress and mortality for fish by following these practices when catching and releasing fish, though fish mortality may still occur:
- Fish during the coolest times of day, where permitted.
 - Keep the fish in water as much as possible.
 - Let the fish recover before releasing it.

If high temperatures and extremely low flows persist, anglers may want to consider fishing areas with less stressful temperatures and conditions, such as larger lakes or reservoirs, or higher elevation waterbodies. These are the first restrictions imposed this year by FWP, but probably not the last. For the latest waterbody restrictions and closures, click [here](#).
