Evening Temporary Closures on Northeast Entrance Road in Yellowstone National Park the Week of June 5 and June 12

- A short section of Yellowstone National Park’s Northeast Entrance Road in Lamar Canyon (between Tower Junction and Lamar Valley) will temporarily close from 7-9 p.m. on June 5, 7, 8, 12, 14 and 15.
- This segment of road will close so that construction crews can conduct safe blasting operations.
- During the [2022 historic flood](#), high water eroded the slope below this section of road rendering it not safe for use. To repair the damage, crews cut a temporary one-lane road into the hillside. Crews will blast further into the hillside this month to create a new two-lane road, which will be more resilient and able to withstand the effects of erosion and future flooding.
- In order to avoid additional erosion, this work will need to be completed as soon as possible. Once complete, the existing one-lane road will be removed and rehabilitated.

Background

- The Northeast Entrance Road closed immediately following the 2022 flood due to substantial damage in five places including this section.
- The road [reopened on Oct. 15, 2022](#), and is open to visitor vehicle traffic year-round. It provides winter access to the communities of Cooke City/Silver Gate in Montana and to Lamar Valley, a main attraction in the park.
- Stay informed about up-to-date road conditions in Yellowstone:
 - Visit [Park Roads](#).
 - Receive Yellowstone road alerts on your mobile phone by texting “82190” to 888-777 (an automatic text reply will confirm receipt and provide instructions).
 - Call (307) 344-2117 for a recorded message.

JNA Advertising Announces Gardiner, Montana as the Winning City of its Free Tourism Commercial Promotion.

Overland Park, Kan., May 26, 2023 – JNA Advertising, a full-service marketing firm in the Midwest, today announced that the town of Gardiner, Montana is the winner of its tourism-focused “Have Cameras Will Travel” social media contest.

As the winning city, Gardiner will receive an immersive and captivating 30-second travel commercial, produced free of charge from the award-winning advertising agency. This venture marks a significant milestone for JNA Advertising as it completes its first social media, self-promotion campaign to showcase JNA’s in-house production capabilities and vast travel experience.

The City of Gardiner, Montana was nominated during JNA Advertising's “Have Cameras Will Travel” contest. The contest, which ran from March 20th to May 7th, allowed anyone to nominate a city for which JNA would create a free custom commercial. Gardiner, Montana was selected out of 273 submissions from 32 states and 114 cities.

"We couldn't believe it," Executive Director of the Gardiner Chamber of Commerce, Terese Petcoff, said. "Nothing like this has ever happened here and for this to come now after all the hardships we've been through in the past years, it's just an awesome day. We are planning to show JNA the best Gardiner has to offer from wildlife, adventure, the expansive outdoors, and otherworldly landmarks, and trust them to show the rest of the world."

Renowned for its picturesque landscapes, abundant wildlife, and adventurous expeditions, Gardiner, Montana, provides the perfect backdrop for an unforgettable travel commercial. With JNA Advertising’s expertise in capturing the heart of a location and its people, and all the beautiful opportunities in Gardiner, agency officials believe the final 30-second commercial will easily entice audiences to experience the allure of Gardiner firsthand.

Gardiner, a city of nearly 900 located in Park County, wasn't selected just for its obvious beauty and historical significance to Yellowstone National Park. The town represents the resiliency many communities have had to endure in the past few years. Gardiner faced tourism challenges from, first, the Covid-19 pandemic, then devastating flooding in 2022. Gardiner has persevered through hardships and continues to succeed through sheer grit.

“In the advertising world, most ideas start out big, then when reality hits, turn out smaller; we don't believe in that at JNA,” JNA Creative Director Max Kreutzer said. “This was a small idea that has turned into something monumental. Seeing all the support and love people have for their cities, and then learning about Gardiner, Montana, and what a special place it is, we feel a huge responsibility to make something incredible.”

For this production, JNA Advertising has partnered with the award-winning music studio, Primary Color Music, located in Lawrence, Kansas. [Primary Color Music](#) will be writing and recording custom music inspired by the scenes and people of Gardiner, Montana.

As JNA Advertising travels to Gardiner, the agency welcomes collaboration with local businesses, tourism boards, and stakeholders interested in participating in this transformative project. For more information about the travel commercial, partnership opportunities, or to express interest, please contact Morgan Hunter, Producer at JNA Advertising at mhunter@jnaadv.com or 816.810.5486.

Check Road Statuses

Most park roads open to regular vehicles in mid-April and close to wheeled vehicles (cars, vans, motorcycles, etc.) in early November. Weather may necessitate closures at any time, however, so check the [park roads](#) page for more information about current park road status and traffic delays due to road improvement projects.

Plan Ahead

All campgrounds and lodging require a reservation and are usually fully well in advance of your trip. Operating hours and service levels can change with little notice. Check the latest information before coming to the park:

Drive and Park Responsibly

Observe posted speed limits and use pullouts to watch wildlife, take pictures and let other cars pass. Do not stop your vehicle in the road. When pulling over, be sure to park with all four tires fully to the right of the white line.
