FWP Releases Final Environmental Impact Statement for the 2025 Wolf Management Plan

HELENA - Montana Fish, Wildlife & Parks has released a final environmental impact statement (EIS) analyzing potential environmental impacts from the statewide management of gray wolves.

Issuing the final EIS is a key step in a process that started in 2023, when FWP originally released the draft EIS. The draft EIS was made available for public review and comment from Oct. 20, 2023, through Dec. 19, 2023, and again from Feb. 8, 2024, through March 9, 2024. The additional 30-day comment window was to offer an opportunity for additional input from Tribes and affected counties.

“This final EIS means the update to the 2003 Wolf Plan is nearly complete,” said FWP Director Christy Clark. “We appreciate the comments and feedback we’ve received on our draft documents from people across the state and country. That input is critical in ensuring we have a plan that is effective in managing wolves moving forward.”

FWP analyzed two alternatives in the final EIS. Alternative 1, the “no action” alternative, would represent the status quo.

Under Alternative 2, FWP’s proposed alternative, FWP would adopt and implement the 2025 Montana Gray Wolf Conservation and Management Plan. If approved, the statewide plan would replace the 2003 Montana Wolf Conservation and Management Planning Document. The 2003 Wolf Plan does not include details on how wolves are currently monitored and managed. It also does not address recent research regarding monitoring methods and management strategies, such as surveys on wolf tolerance and nonlethal preventative strategies.

The final EIS addresses issues and concerns raised during the public comment period. All new information and analysis supplied during the comment period were used to prepare the final EIS and FWP’s response to comments received on the draft EIS.

To view the final EIS, comments received on the document and FWP’s responses, and edits to the EIS, please visit the FWP [wolf management webpage](#).

New Hunting, Fishing and Conservation License Year Begins March 1

Deer and elk permit application deadline is April 1

HELENA – The new license year opens March 1, which means that is the day you can buy your 2025 hunting, fishing and conservation licenses and begin applying for permits and special licenses. The deadline to apply for deer and elk permits is April 1.

Applications for most species – deer, elk, antelope, deer B licenses, elk B licenses, antelope B licenses, moose, sheep, goat and bison – can be made beginning March 1.

Applicants have the option to reapply for the same offerings as last year with just a simple click, eliminating the need to search through previous applications.

Hunters and anglers can buy licenses and apply for permits on the [FWP website](#) beginning at 5 a.m. on March 1; click on “Buy and Apply.” Most FWP offices will be open from 8 a.m. to 5 p.m., Monday through Friday.

[Click here](#) to watch a video tutorial for Montana residents on how to buy and apply for licenses and permits online. [Click here](#) to watch a video tutorial for nonresidents on how to buy and apply for licenses and permits online.

The licensing call center will be open from 7 a.m. to 7 p.m. from March 1 through April 1; after April 1, the hours will return to 8 a.m. to 5 p.m. The call center can be reached at 406-444-2950.

Hunters and anglers can also take advantage of the MyFWP mobile app. The app holds and displays licenses, permits and E-Tags, which can be downloaded and used in the field without cell service. To create a My FWP account, visit the [MyFWP login page](#).

Tips and reminders

- Don't wait until the last day to apply.
- If you're applying for a special license or permit, you will need to have a valid email address.
- Make sure to doublecheck the [regulations](#) before applying. Some permit/licenses have changed.

- Everyone 12 and older needs a [Conservation License](#) to access most state lands, including fishing access sites, wildlife management areas and wildlife habitat protection areas (WHPA). Montana State Parks do not require a Conservation License.
- A separate and rotating moose, bighorn sheep or mountain goat SuperTag lottery for resident hunters will be conducted annually. Montana residents will receive one free chance in the lottery for every General Elk or General Deer License purchased.
