AS MEMORIAL DAY APPROACHES, American Legion Post 118 asks you to pause to remember and give thanks to our many heroes that never returned from the mountains of Afghanistan, the deserts of the Middle East, the jungles of Vietnam, the “Forgotten War” in Korea, the islands of the Pacific, the European continent, and many other lands. We cannot repay their sacrifice, but at the very least we can and must continue the legacy for which they died: the causes of democracy, decency, and patriotism. And while Memorial Day is intended to honor our fallen, we should not forget those who have pledged to make the same sacrifice if called upon—the young men and women still serving in the United States and more than 130 foreign lands. Freedom is not a gift. It is an earned benefit that was paid for by the blood of our heroes. From the Revolutionary War to the War on Terrorism, the sacrifices and caliber of America’s fighting men and women have been nothing short of inspirational. Let us always remember them!

IN AN EFFORT TO PREPARE FOR THE BUSY SUMMER SEASON, the community of Gardiner is working with the proper authorities to mark and remove all vehicles, trailers and equipment from County, State and Federal roads that do not display current registration. Items without current registration will be marked and then towed 7 days later to an impound lot. Vehicles will be released to owners when the towing fee is paid. Marked unregistered equipment that is moved to another location on a public right-of-way will be towed without a second warning. This process will be repeated on a regular basis to help mitigate parking congestion and improve safety. County, State and Federal authorities can work with vehicle owners that have extenuating conditions pertinent to unregistered equipment. Thank you for helping us manage right of way challenges as we move forward. Questions and concerns can be emailed to info@gardinermt.org.

County Mask Mandate Rescinded

The Park City County Board of Health rescinded the Emergency Health Rule/Order 2020-05 regarding masks at a special meeting on May 17. Individuals fully vaccinated against Covid-19 no longer need to wear a mask unless required by the following entities or organizations:

- Schools, public transportation, healthcare facilities including hospitals, clinics, nursing homes and assisted living facilities, who may choose to take additional steps to protect the health and safety of their staff, students and residents.

- Private business, such as retail stores, groceries, pharmacies, restaurants and hotels, guide services, etc. who may choose to take additional steps to protect the health and safety of their employees and customers.

All persons not yet vaccinated are encouraged to wear a mask in any indoor public space, stay home if sick, get tested* if symptoms could be Covid-19, and get vaccinated**.

Park County currently has an active Covid-19 vaccination campaign. The goal is to fully vaccinate at least 70% of all eligible Park County citizens in the coming weeks. All persons 12 and up are now eligible for vaccine. This will offer protection from illness and keep health care facilities, businesses and schools operating fully. At this time, 55% of eligible Park County residents have received at least one dose of a Covid-19 vaccine.

For information about vaccination and testing, please contact the Park City County Health Department, 406-222-4145 or check the Park County Covid-19 Response website.

*Free testing is offered at 105 W. Lewis Street Monday, Wednesdays, and Fridays from 11am-1pm.

**To make an appointment to receive your free Covid-19 vaccine, visit the Park County Covid-19 Response website.

Avalanche on Going-to-the-Sun Road Traps Bikers

WEST GLACIER, Mont. [May 14, 2021] – On Thursday, May 13 at approximately 6:30 pm, Glacier National Park rangers responded to a report of bikers trapped behind an avalanche near Triple Arches on Going-to-the-Sun Road.

Three bikers, a husband and wife along with a friend, traveling up the road encountered an avalanche across the road, turned around and started back down. Soon after, they encountered a second avalanche in progress. The wife was ahead of her husband and friend and heard the avalanche. She warned her husband and friend to stop. The avalanche came down between them, trapping the woman's husband and friend on the uphill side.

The wife biked down to call for help. A ranger arrived at the site of the avalanche around 7:30 pm.

"The sudden onset of sunny and warm weather on Thursday afternoon, combined with recent new snow from the previous weekend, created unstable surface snow conditions," said USGS scientist Erich Peitzsch. "These conditions resulted in a wet, loose avalanche originating above the road in Triple Arches that deposited debris on the road."

Park officials determined that they would wait until the sun was off the slope above, decreasing the chances for further slides, before starting rescue attempts.

Rescue began around 9:30 pm. Rangers belayed across the avalanche chute and belayed the bikers individually back across the chute. No injuries were sustained by the bikers. All three bikers are from Bigfork, MT.

Going-to-the-Sun Road is currently closed to vehicles at Avalanche Creek until the road opens to Logan Pass for the season. Due to continued avalanche conditions, hiker/biker access is currently not permitted past the Loop. Check the park website for updates.

Park officials remind visitors that snow can avalanche above Going-to-the-Sun Road in active avalanche terrain that often cannot be seen from the road. Avalanches are more likely to occur before or after sunny/warm weather, rainstorms, or snowstorms. Visitors are encouraged to start and finish their trip before the warmest part of the day. Do not stop under gullies or snowfields and turn around if there is a rapid increase in temperature.

For more information on biking in the park, visit the park's [biking webpage](#).

LEADERSHIP 49 NOW ACCEPTING APPLICATIONS!

LIVINGSTON, MT – Applications are now available for the eighth year of Leadership 49, a program of MSU Park County Extension. The eight-month leadership development program for Park County citizens is comprised of immersive, day-long sessions hosted in different communities and a group project. Participants develop leadership skills, increase their knowledge about challenges and opportunities within Park County, and network with community groups, leaders, businesses, elected officials, and many others.

“I loved getting to meet new people and connect with this community in a pretty incredible way,” shared Year 6 alumnae, Emma Ewert. “I also felt like it allowed me to recognize the leadership qualities I had already and own those qualities in a way I had not been able to before.”

Leadership 49 will begin in late September and culminate in April 2022. A group of 15-18 participants will be selected to achieve a demographically and geographically diverse cohort to maximize the individual leadership experience and to achieve the program goals. Successful applicants will demonstrate strong interest and commitment to the program. Sessions will take place in Clyde Park, Cooke City, Gardiner, Livingston, Paradise Valley, Tom Miner Basin, and Wilsall.

Applications and two references are due by Monday, June 14. The application is available parklocal.org/community/leadership-49/ or the Extension office at 119 S. 3rd Street. Successful applicants will pay a \$250 tuition fee to help cover the costs of administering the program, including meals. Scholarships may be available. Transportation is not included in tuition.
