## Custer Gallatin National Forest Begins Scoping on Rendezvous Nordic Ski Area Improvements Project

*30-day comment period starting April 12, 2023*

BOZEMAN, MT — The Custer Gallatin National Forest announced a 30-day public scoping period to start the Rendezvous Nordic Ski Area Improvements Project. The scoping period begins a 30-day comment period starting April 12, 2023. The Rendezvous Nordic Ski Area is adjacent to the town of West Yellowstone in Gallatin County, Montana and consists of about 24 miles of gently rolling, groomed Nordic trails that wind through tall stands of lodgepole pines and open meadows. Created in 1978, the Rendezvous Ski Area is managed through a cooperative partnership between the Forest Service, the West Yellowstone Chamber of Commerce and the West Yellowstone Ski Education Foundation. The cooperative partnership created a new Master Development Plan for the Rendezvous Nordic Ski Area to provide direction for future management. “The Master Development Plan contains elements such as trail modifications and infrastructure improvements designed to meet the current and future needs of trail users,” said Custer Gallatin National Forest Hebgen Lake District Ranger, Jason Brey. “Many of these elements require environmental analysis under the National Environmental Policy Act (NEPA), and this 30-day comment period will kick off the NEPA process.” “The success of the Rendezvous Nordic Ski Area over the past 45 years has always depended on collaboration between the public, West Yellowstone community partners, and the Forest Service, and we value your feedback!” said Custer Gallatin National Forest NEPA Team Leader, Amanda Williams. “Comments received during scoping will help us refine the proposed action and identify issues for analysis.” Please visit the project webpage <https://www.fs.usda.gov/project/?project=63829> for more information and to comment.

A SPACE TO SHARE GARDINER SCHOOLS' ACCOMPLISHMENTS AND UPCOMING EVENTS WITH THE COMMUNITY.

**Yearbook Class**

After eight long months of hard work the yearbook staff has finally finished this year's yearbook. We would like to thank the community for helping to fill the pages with pictures. We wish the seniors of 2023 a farewell as they move into the real world.

---

I look forward to seeing my senior friends graduate! -Noah

“My favorite part of the school year so far was basketball season. I look forward to competing in track at tournaments.” -Tyler

I am looking forward to doing block printing in art class. -Kali

The life change I experienced here helped me grow and discover a completely different lifestyle. It was exactly what I was looking for by leaving my home for a year. I'm looking forward to see the weather getting better and better before going back to France. -Noemie

If there's something that brings me good memories about this year so far is basketball season. Being part of the basketball team with my friends just made me smile a lot. As an exchange student everything that happens is new and special. I'm looking forward to enjoying the last moments here. -Maria

This upcoming weekend, the Gardiner School Band and Gardiner School Choir will be performing at this year's District Music Festival in Bozeman. We wish them luck and safe travels this weekend as they compete to get a chance to go compete at the State Music Festival. -Elias

The best thing that happened to me this school year was getting the chance to compete at the National FFA Convention, and placing 7th in the nation. My best memory from the trip happened the night before we competed. Most teams would cram study, go to bed early, and just be anxious. On the other hand we just hung out, maybe a little later into the night then we should have, watching NCIS, and just enjoying each other's company. I couldn't have asked for a better group of people to experience my first National Convention with. -Echo

I watched Rango, it was pretty good  
-Lyle Davey

I'm very thankful for the basketball team. It was a very fun journey with you guys!!!  
See you next season!! and I look forward to track season!!! -Zeh

2023 Spring Bicycling Between  
Yellowstone National Park's West  
Entrance and Mammoth Hot Springs  
Began April 7

*Cyclists - Anticipate higher than usual  
snowbanks and stressed wildlife on roads; Do not  
crowd or push wildlife on roads and be prepared  
to wait or turn around*

MAMMOTH HOT SPRINGS, WY – Bicyclists  
willing to brave the [unpredictable weather](#) of spring in  
Yellowstone National Park can ride 49 miles between  
the West Entrance in West Yellowstone, Montana, and  
Mammoth Hot Springs.

The following [roads](#) between the West Entrance and  
Mammoth Hot Springs will open to bicycling:

- West Entrance to Madison Junction
- Madison Junction to Norris Junction
- Norris Junction to Mammoth Hot Springs

As conditions allow, bicycles will also be permitted  
from the East Entrance to the east end of Sylvan Pass (6  
miles). Check the [biking web page](#) for updates.

Bicycles are not allowed on the remaining park roads  
until they start to open to public automobiles at 8 a.m.  
Friday, April 21. Check [park roads](#) for spring opening  
dates.

**Ride Safely**

- Bears, bison, elk, moose and other wildlife use roads  
as travel corridors when the snow is deep. They are  
stressed and weak due to the severe winter of above-  
average snowpack and continued cold temperatures.  
Be mindful as they endure this hardest part of the  
year. Higher than usual snowbanks prevent them  
from easily moving off the road. Do not crowd or  
push wildlife and be prepared to wait or turn around.
- Stay at least 100 yards away from bears and wolves  
and 25 yards away from all other wildlife.
- Carry [bear spray](#) and know how to use it.
- Travel during daylight hours only.
- Ride single file and use extreme caution. Expect  
administrative vehicles such as snowplows, heavy  
equipment, contractor and employee traffic.  
Roadway shoulders are narrow, and curves can limit  
visibility.
- Watch for quickly changing weather conditions and  
the possibility of temporary road closures. Snow and  
ice may cover sections of road.
- No services will be available, except limited  
restrooms. Plan for self-rescue or repair. Cell  
phone coverage throughout the park is sparse and  
unreliable for communicating emergencies.
- Prepare to spend an extended period in winter  
conditions in the event of a mechanical breakdown,  
injury or other emergency.
